

Quicken Conversion Instructions

As your financial institution completes its system conversion, you will need to modify your Quicken settings to ensure that your data connectivity transfers smoothly to the new system. This document contains instructions for both Windows and Mac, and all three connectivity types (ExpressWeb Connect or Web Connect).

These instructions refer to two "Action Dates." The 1st Action Date and 2nd Action Date in the instructions will be provided to you by your financial institution.

IMPORTANT: Express Web Connect will not be available until 5 business days after the 2nd Action Date, so please utilize another connectivity type if you need transaction updates during this downtime. There is no delay for Web Connect.

To navigate this document, just click the link or links below that match your product and connectivity:
